

Subj: QSL Response for Carl Mann

Date: 10/5/00 10:24:40 AM Central Daylight Time

From: qsl@mediacen.navy.mil (Foutch, Michael JOC)

To: Manns82@gateway.net ('Manns82@gateway.net')

This letter serves as confirmation of your August 26, 2000, reception of Armed Forces Radio and Television. The signal originates from Naval Computer and Telecommunications Area Master Station, Pearl Harbor, Hawaii, at 10320 khz and 6350 khz.

AFRTS shortwave radio transmissions have historically existed to provide AFRTS radio service to U.S. Navy vessels and outlying military posts receiving limited American radio or television through other means. The signals will be in existence for a limited time until a new technology, which is currently being tested, allows for reception of AFRTS via satellite.

We are pleased that you have received the AFRTS shortwave signal and thank you for your interest and confirmation of the signal's quality, and I apologize for the delay in my response.

Sincerely,

Michael Foutch

Chief Broadcast Operations Specialist
