Radio Voice of the Gospel — Station ETLF — is a Christian broadcasting service supported by contributions from churches in various parts of the world. Programs are approximately 70% informational and 30% religious in character, and are produced in local studios in the target areas of Africa, Asia and the Near East in 14 languages. The daily schedule includes an external service of twenty hours on shortwave and a seven-hour medium wave service for Addis Ababa. Technical facilities include a 40 acre studio-administration and staff residence campus 10 kilometres from the Addis Ababa centre and a 300 acre transmitting site 30 kilometres from the studios with quadrant antennas, a network of dual-band antennas and two 100 kilowatt shortwave transmitters.
