

A large industrial factory floor with rows of machinery and workers. The scene is filled with complex mechanical equipment, including what appears to be a large engine or turbine assembly line. A worker in a dark vest and light shirt is visible in the center, and another worker is partially visible on the right. The background shows a high ceiling with a grid of lights and structural beams. A sign with the name 'STEWART' is visible on a beam in the upper left. The overall atmosphere is one of a busy, large-scale manufacturing environment.
