Mr. S. R. Morss,
Route 3,
Bradford, Mass.

Dear Sir:

This will acknowledge receipt of your report on our frequency check of October 15, 1947.

The information you have forwarded is very complete, in fact, one of the best we have ever received.

Incidentally, we are going to 1,000 watts and moving from 1400 kc's to 1320 Kc's in the near future. this should take place in about 2 months. We invite you to be on the look-out for us then on our frequency checks.

Please accept our sincere thanks for your letter and invitation to write us again, whenever you have the opportunity.

Sincerely yours,

J. A. Creamer
