

January 4, 1947

Dear Mr. Morss:

This confirms your reception report of the KARV test broadcast of December 27, 1946.

KARV operates 250 watts on 1400 kilocycles. We are located 16 miles from Phoenix, in warm, sunny Central Arizona.

We are grateful for your report of our signal strength.

Very truly yours,

*John C. McPhee*  
John C. McPhee, Mgr., KARV
