Dear Mr Morss,

I am pleased to verify your fine report of reception of radio station KCKY on the morning of Dec. 6, 1948 from 1:06 to 1:16 am. MST., at which time we were conducting a frequency report .

KCKY operates on 1150 kc. with 1000 watts of power we use a two tower directional array at night. We have been on the air since Aug 1, 1948. Our transmitter location is about a mile from the Casa Grande National Monument.

We are sorry to be so late in verifying. We have been waiting for station letterheads which have not materialized yet. Anyway we are pleased to have heard from you and we wish you continued good dx-ing.

Sincerely

Wayne Jamzborough
