S. R. Morss,
Route 3,
Bradford, Mass.

Dear Mr. Morss:

Thank you for your accurate listening report of our signal, as reported by you in your reception report of January 10, 1950. We appreciate the difficulty of hearing our station toward the East due to the small amount of power radiated in that direction from our directional antenna system.

Please accept this letter as verification of your report and also our best wishes for many hours of listening pleasure.

Yours truly,

W. Herbert Hartman,
Chief Engr.
