Mr. S.R. Morss  
R 3  
Bradford, Mass.

Dear Mr. Morss;

Thank you for your report and the comments on reception conditions in your area at the time of the special program aired by K D A Y for the DX'ers of the various DX clubs all over the world. In checking your log and time against our transmission for the period stated in your report we are quite happy to verify your report. The songs: "Walking in the Rain" by Johnny Rae, "Summer Vacation" by Peggy Lee and "Everytime I Feel the Spirit" that were mentioned by you in your report were part of the records played during the hour long DX program.

We received over 60 reports from 22 states, Canada and New Zealand. Almost every area of the U.S.A. was covered by K D A Y's signals. From the reports we gathered that the weather conditions weren't the very best for long distance reception but we received 8 reports from New Zealand which amazed the staff at K D A Y. Your DX pal in Laconia, New Hampshire, Howard Kemp, sent a nice report. I guess that Hank Tyndall must have fallen asleep as I didn't see a report from him.

I was very happy to see these reports as they showed how courteous and informative the present group of DX'ers are. All sent return postage, too. I hope to arrange more DX'es from the Coast next season.

*Hank Wilkinson*

Sincerely,  
Hank Wilkinson  
For: Mr. R.H. Dye, C.E., K D A Y
