

Dear Mr. Morss:

Many, many thanks for your interest in our station. Clear Channel Station KFI sends you greetings, and we here-with send verification of your reception. Your report is accurate in every detail.

Let us hear from you again if you are able to pick up our signal. We broadcast with 50,000 watts of power, on a Clear Channel of 640 kc. Which means we are the only station in the U.S. on this wave length after sundown.

Thanks again for your thoughtfulness in writing.

Cordially,

Bernie Smith
PUBLIC RELATIONS DIRECTOR
