Mr. S. R. Morss
Route 3
Bradford, Mass.

Dear Mr. Morss:

We at KSMO appreciate your interest in writing us regarding your reception of our station.

Due to several changes in personnel during our early part of operation, it is possible that the procedure of acknowledging requests of verifications was overlooked for a period. In the event that this occurred in your case, please accept this as a duplicate acknowledgment.

KSMO operates on 1550 kilocycles on 1000 watts power, day and night. Our antennas consist of two 150-foot uniform cross section vertical towers.

We will appreciate any further comment on the reception of KSMO in your vicinity.

Again thanking you.

Yours very truly,

H. Neil Black
