Dear Mr. Morss:

KTYM is pleased to hear from you. On numerous occasions KTYM is heard in New Zealand and Australia, and throughout much of the United States, even as far away as Maine. Yet, KTYM is only a 1KW Station. The far reach, of course, comes only at certain times of the year, and only during experimental hours when other stations are off the air. KTYM will be 5 KW in the near future.

Thank you again for your interest.

Sincerely,

A. J. Williams
