## "Heart of the Nation Stations"

Geo. Basil Anderson, Owner

December 16, 1955

Stanwood R. Morss  
Route 3  
Bradford Massachusetts

Dear Sir

This is a verification of your letter and reception of our signal December 8th 12:15- 12:45 Mountain Standard time.

We are located about a mile from the city limits of Denver, transmitter and studio are located in the same building. Our geographical location is at the foothills of the Rocky Mountains, with both Mount Evans and Pikes Peak visible and snow capped.

We have a non directional tower 235 feet high, and we are a daytime only station with a BTA 1M RCA transmitter. Our operations began about 2 years ago.

Thanks again for your report, and have a lot of good DX.

Delbert M. Smith

Chief Engineer

"Seek Ye First the Kingdom of God and His Righteousness" Matthew 6:33
