

KRYT
1000 Watts

RADIO
1530

the music station

February 7, 1964

Mr. Stanwood R. Morss
R.F.D. 3
Bradford, Massachusetts

Dear Mr. Morss:

We received your letter concerning our equipment test on the morning of February 3, 1964 12:00 to 12:40 A.M. and wish to verify your report.

We are a new station conducting equipment tests and measurements. We have been on the air almost nightly during the time between January 26 and February 3, starting at midnight each night.

We passed our FCC inspection February 5 and received our OK to commence regular broadcasting on a sunrise to sunset basis today and plan to go on the air Sunday, February 9 on a permanent basis. Consequently, you probably will not hear us again, short of equipment failure and resultant testing procedures at night which we sincerely hope will not happen! Our 1000 watts must have been really putting out the night of Feb. 3 as we have received numerous letters from the eastern areas of the U.S.

We wish to convey our appreciation for your letter and to extend an invitation to you to come and see us when you are in our area.

Sincerely,

William S. Cook
