Dear Mr. Morss,

Thank you for letting us know you heard WKHT. You were correct. We are 1000 watts daytime and 250 watts nighttime. We will be going 1000 watts nighttime, pending FCC approval. The disc jockey on at that time was Rick Shea. Along with country music, which we are the only 24 hour country station in greater Hartford, we also air several sports teams: The New York Mets, The New York Giants, The Boston Celtics and NASCAR races, including local NASCAR racing from Stafford Springs. Again, thanks for letting us know you heard K-Hit Country and I hope you will be able to pick us up again.

Sincerely,

A handwritten signature in blue ink that reads 'Jerry Zimmerman'.
