Dear Mr. Morss:

Thank you for your letter re reception of WRDM on January 3, 1994.

We are very surprised that you received our signal from such a distance. I've enclosed our Schedule of Programming. We came on the air in August of 1993 at 5,000 watts and primarily broadcasting in foreign languages.

Thank you for your kind remarks and interest in WRDM. I hope you have continued success in your hobby.

Very truly yours,
