This is to verify your reception of station WAMR on January 22, 1960 at 1:58-2:15 a.m. EST. The information you sent in was correct.

R

WAMR is located in Venice, Fla. on the shores of the Gulf of Mexico. We are a daytime station operating on a power of 500 watts non-directional and daytime only.

We are using a Gates transmitter model 590T. Our antenna is a 155 foot tower.

Thank you for your report. We are always happy to know our signal is getting out that far on tests.
