Dear Mr. Morss;

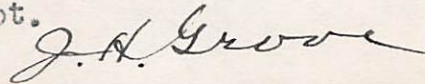

I am pleased to verify your report on the reception of our program Oct. 13 on our test for frequency measurement. Your report was correct as I remember it. Shure appreciate your report as we like to know how our signals are getting out.

W C N U makes frequency check second Thurs. of each month at 1:30 A.M. If you care to tune us in again we would be glad to have report on how our signals are reaching you.

W C N U is using gates equiptment with 230 foot guyed tower operating on daytime only.

If you should send another report Address Operator James H.Grove % station as I conduct the frequency checks. Thinking you again for your report I remain

Yours Respt.

James H.Grove Op.
