

# W D B F

WELCOME TO DELRAY BEACH, FLORIDA

500 WATTS

January 18, 1954

1420 K C

Mr. S. R. Morss  
Route 3  
Bradford, Mass.

Dear Mr. Morss:

Your letter was a very pleasant surprise. You picked up W D B F's first test program. Antenna resistance measurements and response curves were being plotted. The engineer doing the announcing became confused regarding the call letters and mentioned W D B B instead of W D B F, which is correct. Your program schedule is proper and in order.

We hereby verify this reception, and label it number 1 in our files. Thank you for your report.

Yours truly,  
DELRAY BROADCASTING CORPORATION
