

FLORIDA'S MOST POWERFUL STATION
10,000 WATTS - 710 KC
1605 BISCAYNE BOULEVARD PHONE 9-2401

RADIO STATION W G B S

Miami 36, Florida

February 17, 1949

Mr. S. R. Morss
Rt. 3,
Bradford, Mass.

Dear Mr. Morss:

We wish to thank you for your report of reception of our station on February 14, 1949, between the hours of 3:17 AM and 3:32 AM, EST. This has been checked with our log and found to be correct.

On December 21, 1948, we started using the new WGBS 50,000-watt transmitter, which is located about five miles northwest of Hialeah, where we radiate 50,000 watts daytime and 10,000 watts at night. Our regular hours of operation are from 6:00 AM to 1:00 AM weekdays and from 8:00 AM to 12:30 AM Sundays.

Your reception report is valued and we hope you will continue to enjoy satisfactory reception of our transmissions.

Very truly yours,

A handwritten signature in cursive script that reads "Lois Jordan".

Lois Jordan,
Engineering Dept.
