Mr. S. R. Marss
Route 3
Bradford, Massachusetts

Dear Sir:

This letter will verify your reception of this station 3:33 a.m. on November 8, 1946.

This was a very interesting report that we appreciate very much. We are now installing a new 1000 Watt station and will operate on 1430 kc shortly after the first of March.

We hope you will be able to pick us up at that time.

Cordially yours,

RADIO STATION WLAK
