Dear Mr. Morss,

It certainly was wonderful to hear from so many of you N R C members. When I cranked up our little 250 Watt coffee-pot on January 23rd at 3.30 A. M. Eastern Standard Time, I had no idea that so many ears and antennas would be pointed in the general direction of Eustis.

This (although typically radio-late) is to verify your reception of our specially arranged N R C broadcast on the aforementioned date. That definitely was W L C O that you heard. Thanks to all for your many gratifying comments. It sure took the curse off getting up so early.

Winner of the box of Citrus from the Livingston Fruit Company, Eustis (which, incidentally, was modified to jams, jellies, and other less perishable Florida goodies) was K. A. Mackey in Dunedin, New Zealand. Aside from New Zealand, Canada was the only other country outside of the U. S. A. heard from on this broadcast. The States were well represented from coast-to-coast and border-to-border, for an over-all total of 63 replies.

Would like to have been able to write a personal note to each one of you, but, with being tied up at W L C O, and making a change of jobs, it is necessary for me to take this easy way out. Right now I am lying on Florida's prettiest beach, soaking up the sun that only Florida can boast, and dictating this to my favorite Secretary, Mom. Tomorrow morning I leave for my new job at W R O D in Daytona Beach, Florida. (If you haven't logged them yet, let me know and we'll rectify that.)

Till I see you on the air again, 73s to you all!

Radiocordially,

*Nancy Cox*
