Mr. S. R. Morss  
R-3  
Bradford, Mass.

Dear Mr. Morss,

We thank you very much for your accurate and most helpful reception report which we read today.

We are keeping your letter in our engineering files as it provides an excellent cross check of our sky wave radiation. We will appreciate any further information or observation which you can make known.

-WORZ- is utilizing a three tower quarter-wave array end-fired by a 1,000 watt composite transmitter one mile due west of Orlando, Florida. As a frequency check -WORZ-'s frequency has been maintained by nightly checks with RCA communication at 740,000 kilocycles.

Yours is a distinct and valuable service to a broadcaster. Thanks again.

Very truly yours,

CENTRAL FLORIDA BROADCASTING COMPANY
