Mr. S. R. Morss
Route 3
Bradford, Massachusetts

Dear Mr. Morss,

Many thanks for your very nice letter of 2 February.

Your report of our transmission of 1 February at 1:34 AM concurs with our log of that morning's tests. We are pleased therefore to verify your reception of this station. You are the first BCI to request verification.

We do not plan QSL cards, and trust this letter will suffice.

Cordially,

A handwritten signature in blue ink that reads "C. G. Huey". The signature is written in a cursive, flowing style.
