Dear DXer:

Please accept my sincerest apologies for the delay in verification of your report of reception of W R F B. We are catching up the slack after a first year of tremendous work on the part of all the staff.

We do appreciate your interest in this station, and hope you will accept this as your verification of an accurate report of reception.

Thank you again for your report, for your patience; and every good wish for your DX activities in the future.

Sincerely yours,

Emerson W. Browne
