

"The Voice of Information and Education"

An Affiliate of the Armed Forces Radio and Television Network

8 December 1954

Mr. S. R. Morss  
Route 3,  
Bradford, Mass

Dear Mr. Morss:

This is to confirm your reception report of Radio Station ACB 20, on 22NOV54 at 0830 hours GMT.

Radio Station ACA, located on the Pacific side of the Canal Zone at the Post of Corozal, operates on 790 KC with a standard commercial 5000 Watt broadcast transmitter; and utilizes a 300 ft. vertical, shunt-fed antenna.

Radio Station ACB-20, located on the Atlantic side of the Canal Zone at Fort Gulick, operates on 1420 KC with a standard commercial 1000 Watt broadcast transmitter; and utilizes an umbrella type antenna.

Both ACA and ACB-20 are fed over land-lines simultaneously from studios located at Fort Clayton, Canal Zone. These studios are comparable to state-side broadcast installations and are equipped with modern commercial type equipment furnished by the Armed Forces Radio and Television Service. Fidelity of studio equipment is flat within plus or minus 1.0 DB from 20 cycles to 20,000 cycles and distortion is less than 0.1 percent.

In behalf of the staff of the Caribbean Forces Network we thank you for your reception report and wish you many pleasant hours of listening through the medium of radio broadcast.

Sincerely yours,

  
ROBERT A. BOTZENMAYER  
Chief Engineer CFN

  
W. H. HABLETT  
Captain Arty  
Officer In Charge
