Dear Mr. Morss,

Thank you for your letter. We have listened to your tape recording and learnt that reception has not been satisfactory in your area. We have informed the department concerned about it. We are returning your tape on which we have recorded some revolutionary Chinese songs sung in both Chinese and English.

We presume you have already heard the news from Radio Peking that Chairman Mao Tse-tung, the great leader of the Chinese people and of all the revolutionary people the world over, issued a statement on April 16th, this year in support of the Afro-American struggle against violent repression. In this statement, Chairman Mao pointed out that the Afro-American struggle is not only a struggle waged by the exploited and oppressed Black people for freedom and emancipation, it is also a new clarion call to all the exploited and oppressed people of the United States to fight against the barbarous rule of the monopoly capitalist class. He also said that the Black masses and the masses of white working people in the U.S. have common interests and common objectives to struggle for and that the struggle of the Black people in the United States is bound to merge with the American workers' movement and this will eventually end the criminal rule of the US monopoly capitalist class.

Under separate cover, we are sending you the latest issue of Peking Review which carries this statement of Chairman Mao.

If you have any comments and suggestions on our programmes, please write in so that we may improve our work.

Looking forward to hearing from you again and with best wishes.
