Mr. S. K. Morse
R-3, Bradford, Mass.

Dear Mr. Morse:

We have your report on our morning broadcast of February 7th, 1943, which has been found to be correct after checking it with our logs.

It has been a pleasant experience to know that our key station, CMCY, can be heard in your locality and would suggest that you kindly try to pick up one of our short wave frequencies, which are listed at the bottom of this page.

Hoping to hear again from you, we are,

Yours sincerely

RHC CADENA AZUL

Luis Aragon, Programs
and Publicity.
