Dear Mr. Morss,

thank you very much for your report of our transmitter on 575 kc/s. We were very surprised when we have heard your tape with the modulation of our transmitter. It was very interesting.

In this letter you will find a QSL-card and informations from Stuttgart and our country Baden-Württemberg. We also enclose an information of the Deutsche Welle. This is just like the Voice of America but from West-Germany.

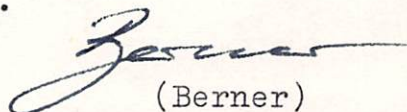

On the tape you hear an INT.-Segment and the same speaker which you have heard on 14<sup>th</sup> december. At the end of the tape you hear some greeds and music from Germany.

Many thanks.

Yours sincerely
