Dear Mr. Stanwood :

I was really very glad to receive your report of this Radio Station , of wich I'm Chief Engineer, and I became very grateful surprised about the club you belong , I suposse it must be an amazing hobby to send reports to far away Radio stations and receive the answer , it is also a little strange for me to see that the sheet you sent is in perfect spanish and that you can get MEXICAN POST STAMPS IN THE UNITED STATES.

Before stop, I will thank you again and now you have a friend more , this time in Guadalajara México.

Yours Truly ;

Fco. Javier Diaz
