R.R. No. 3
Bradford, Mass.

Dear Sir:

We have on hand your report of reception of our Station on the eleventh of February inst.

Of several letters we have on file received from the United States (New York, Pennsylvania, Florida) yours is the furthest northerly report we have yet received.

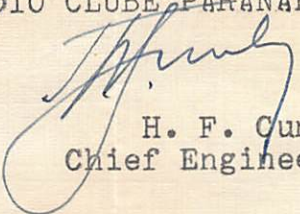

We are glad to know that our program could be heard without interference and with fair intensity in your SX42 receiver on the day mentioned.

Your report of the announcements and musical selections is identical with the log of our program for the day. You have all reason to be proud of your Hallicrafters as there are some six thousand miles separating our homes.

In separate cover we are sending you some postal cards with views of Curitiba, which, as you know, lies on southern Brazil and is the Capital of the State of Parana. It is a nice and beautiful place and we are very proud of it and with motive as you may see.

Thanking you we remain,

PRB2-RADIO CLUBE PARANAENSE LTDA.
