SERVING MORE THAN ONE MILLION PEOPLE IN GREATER ATLANTA

P. O. Box 25—Avondale Estates, Georgia

March 16, 1961

Mr. S.R. Morss
Route 3
Bradford, Mass.

Dear Mr. Morss,

Thank you for your letter reporting reception of our signal on March 11, 1961 at 4:27 A.M.

Your report has been checked against our records and is found to be accurate.

WAVO is conducting equipment tests on 1,000 watts power non-directional in accordance with FCC requirements preparatory to going directional with three towers and 1,000 watts power.

Again we thank you for your interest and your diligence in reporting reception at that early hour of the morning.

Sincerely,

Gerow F. Carr, Engineer
