Radio Station

The Voice of Progress

E. D. RIVERS, OWNER
MRS. E. D. RIVERS, GEN. MGR.

TELEPHONE 1420
VALDOSTA, GEORGIA

March 6, 1946

Mr. S. R. Morss

R-3 Bradford

Mass.

Dear Sir:

Your letter of March 1, inquiring about verification by WGOV, of your reception of this station on the morning of November 30, reminded us that we do owe you a verification. Will you please forgive our laxity, in replying to your first letter. In the past all verifications were written by our chief engineer, who left us a few months back for a better job. At the time of his leaving our DX listners file was left in somewhat of a jumble. I am afraid you were overlooked in this mixup. We beg your forgiveness.

A check of the WGOV program log for the morning of November 30, shows that your report is correct, without a doubt you did receive WGOV, during our frequency test.

Thank you very much for your report. By the way, you may be interested to know that on this same morning test that you reported, we also got a report from a listner in New Zealand. You will agree that we were getting out that night.

Agin may I thank you for your report, and here is hoping you much and better DX in the future.

Very sincerely,

William D Montgomery
William D Montgomery (W4DEW)
Asst. Chief Engineer.
