Mr. S.R. Morss
Route 3
Bradford, Mass.

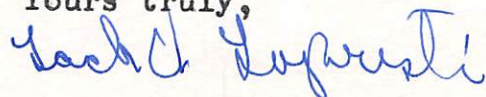

Dear Sir:

We here at WGSR appreciate very much your report of our Program Test on the night of September 30th.

In testing out a new radio station we are always interested in listeners reports, especially one as far distant as yours.

So, in closing let me say once more how much we appreciate your letter and keep listening to the 1570 spot on your dial and write to us again real soon.

Yours truly,

Jack V. LoPresti
Chief Engineer
