

"HOME OF THE PINE TREE FESTIVAL"

A THOUSAND WATTS

**WJAT**

800 ON YOUR DIAL

STATION AND OFFICES: COVENA ROAD, SWAINSBORO, GEORGIA

TELEPHONE 2011

January 6, 1950

Mr. S. R. Morss  
Route 3  
Bradford, Mass.

Dear Mr. Morss:

May I take great pleasure in congratulating you on being the first person to apply for and receive a QSL of WJAT.

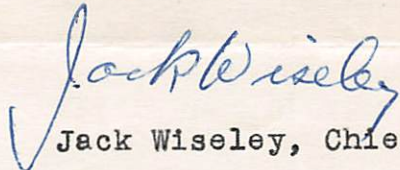

This station was testing on the day and hours that you specified in your report, and your log is in accordance with ours.

WJAT is a new voice that should supply many DX'ers with a new catch. As our operating hours are confined to day-time, the best chances of catching us will be during the early morning or late afternoon. We shall also be testing for frequency measurement during the period of 2:30 AM to 2:45 AM, the second Sunday in each month.

May I express our thanks for your report and wish you many pleasant hours of succesful DX'ing.

Very truly yours,

SWAINSBORO BROADCASTING CO.

Jack Wiseley, Chief Engineer
