Mr. S.R. Morss  
Route 3  
Bradford, Mass.

Dear Sir,

Many thanks for your report on our equipment test of Jan. 31. I didn't have any idea anyone would hear it. I am planning more tests in the future, as the equipment is ~~not~~ in the best of condition. Your report was very accurate. I hope to hear from you again. Maybe it will be a better transmission next time.

Very truly yours,

*R. L. White, Jr.*
