Bradford, Mass.

CHATTANOOGA,
TENN.
ROSSVILLE,
GA.

Dear Stanwood,

Thank you for your letter in regard to the test program I ran February 10 1961. The information you listed is correct in accordance with station logs.

Please accept this letter as verification of your report and we are pleased to find out we were heard in your area. WRIP is directional NE by SW with a output of 500 watts.

These test programs are ran the second Friday of each month in the event any of your friends are interested in obtaining verification of same. May, we here at WRIP radio wish you and the club the best of luck in radio DX'ing.
