Mr. S.R. Morss
Route 3
Bradford, Mass.

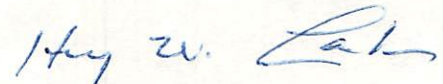

Dear Mr. Morss:

Thank you for your letter of November 12th.

We are happy to verify your reception of WTAM. I also might add that I have just sold WTAM and bought WYZE, Atlanta, Georgia. It operates on 1480KC with 5,000 watts. I hope that sometime after the first of the year we will be able to run a D/X program from that station.

Again, thanks for your letter.

Yours very Truly,

Henry W. Lanham
