500 WATTS

BREMEN, GEORGIA

September 30, 1957

Dear Mr. Morss:

We were so glad to have you tuned in to our new station.
Your report of reception on Wednesday AM, September 25th, 1957,
agrees with our log.

WWCC in Bremen, Georgia operated on the assigned frequency
of 1440ks with a power of 500 watts. We have already been
inspected by the FCC and are expecting to go on the air at any
minute.

Thanks so much for your interest and your report.

Very truly yours,

James McKay
