

WWNS

ALFRED DORMAN, *Owner*

PAUL R. SAUVE, *Manager*

STATESBORO, GA.

November 12, 1946

Mr. S. R. Morse
R-3
Bradford, Mass.

Dear Mr. Morse;

We have your letter stating that you received our frequency check broadcast on Friday, November 8. Since this was the first time this station has been in operation we appreciate your letter and gladly verify your reception.

WWNS started frequency measurements at 1:30 A. M. EST November 8. We checked with Gray and Kelly, consulting engineers, in Birmingham, Alabama and found our carrier was off frequency by four cycles.

We will be making frequency measurements at 2:00 A. M. for the next thirty days and would appreciate hearing from you or any member of your club as to the reception in that part of the country.

Sincerely,

Walter O. Welch
