Dear Mr. Morss:

This letter will verify your report of reception of Radio station KOEL on March 30, 1959. This report was very much appreciated.

KOEL operates on an assigned frequency of 950 KCS, with 1,000 watts Daytime and 500 watts night employing two different broadcast patterns. Three towers are used and are in a line 7 degrees off true north. Hours of broadcast are from 5:30 A.M. to 11:00 P.M. weekdays and 6:00 A.M. till 11:00 P.M. Sunday's.

External frequency checks are made during regular broadcast hours, consequently no test broadcasts are regularly scheduled.

Thank you a gain for your report of reception.

Yours truly,

ARNOLD J. ZARUBA
CHIEF ENGINEER, KOEL
