Mr. S. R. Morss
R. 3
Bradford, Mass.

Dear Sir:

We at K-PIG were very happy to receive your letter in regard to hearing our station. K-PIG operates a 1450 KC with a full time power of 250 Watts. We are the only 24-hour station in this area. K-PIG sends its frequency check on the second Monday of each month from 2:00 AM to 2:15 AM. K-PIG utilizes a Collins 300G transmitter with a pair of 810's in the final. Our studios are located at 1225 First Avenue S. E., in Cedar Rapids, with our transmitter at 2616 Robbins Road N. W. If you are ever in the Cedar Rapids area we invite you to stop in and look over our modern studios. Also if you have any further questions please feel free to drop us a line.

We are very happy to confirm your report. Thank you for your patience.

Sincerely,

RADIO STATION K-PIG

Wayne C. Cornils
