Dear Sir:

Thanks for the report of reception, and please excuse the delayed answer.....I can only excuse myself by work.

This is a first for you. You reported on a new AM 250 watt from a 420 foot tower, new GE 4 bay FM antenna and transmitter with 32,000 watts, also new tower, building and location. Accordingly I am pleased to get a report from you and to verify reception.

Thanks again,

Jack R. Baum, C. E.
