

WINI

500 WATTS	—	1420 KILOCYCLES
POST OFFICE BOX 647	—	MURPHYSBORO, ILLINOIS

Dear Mr. Morss

Thanks very much for your report of reception - sorry to be so long about answering. Things have been pretty rushed here at a new radio station.

We came on the air September 15 as a daytime independent, on the air from six am daily and 7:30 Sundays until Sunset.

Your report checks with our log of the test operation for October 25. Congratulations on your reception of WINI, and good luck from another DX-er.

Chuck Blair, Studio Technician
