Mr. Stanwood R. Morss
R.R. No. 3
Bradford, Massachusetts

Dear Mr. Morss:

This will verify the fact that WGRY was conducting equipment tests on 1370 Kc, with 500-watts output during the early morning hours of December 22. Your observations check with our log.

Thank you for the trouble you have taken to inform us of the fact that you received our signal.

Yours very truly,
