STANWOOD R. MORSS  
RFD 3  
BRADFORD, MASS. 01830

Dear Stanwood,

This letter is to verify your reception of WOBS on November 13, 1978. I listened to your cassette recording and it is the voice of Eddie Sears, the stations general manager. We have just recently installed a Harris MW-1A solid-state 1 kw transmitter and you are the first dx report in. I am enclosing a coverage map of the groundwave signal as we have not yet printed bumper stickers.

It is nice to hear from a member of the NRC... I am also a member. I am sorry that I couldn't get this out a bit sooner. We are always happy to get dx reports and hope to set up a CPC test later this winter.

73's

  
John W. Smith, Chief Engineer
