Dear Sir:

We at WVAK are indeed more than happy to verify your reception of our signal during our test period. The management of a new radio station surely likes to receive distant reports.

We are now on the air on our proposed schedule program testing; of course pending final decision by the FCC of our license application. We are broadcasting from local sunrise to sunset which, during this month, is 7:00 AM to 4:30 PM CST so I doubt if you will be able to receive our signal, but if you do, please drop us a line.

Good Listenin'
