B. E. BROWN, GENERAL MANAGER

December 22, 1953

S. R. Morss
R 3 Bradford,
Massachusetts

Dear Sir:

Thank you for your reception report of our station on October 28, 1953. Your report agrees with our transmitter logs.

It is deeply regretted that we could not have verified your report sooner but as you know we have been in the process of putting the station on the air for the first time, which keeps everyone exceedingly busy.

Radio Station KBTO began regularly scheduled programs on November 16, 1953 at Twelve noon. KBTO maintains a daytime schedule of operation at sign off, but takes the air at 0530 CST each morning by special permission of the Federal Communications Commission. KBTO is the only broadcast station in El Dorado at the present time.

Our transmitter is a Gates 500GY with a 270 foot vertical tower directly coupled and series fed. We are using the gates RCM-12 remote control unit and a Gates SA-40 console in the control room.

El Dorado is a town of approximately twelve thousand population, and is located in the Walnut river valley 35 miles east and north of Wichita, Kansas.

Again thanks for your reception report and we will be looking forward to receiving your reports in the future.

Very truly yours,

Jay H. Williams
