Dear Mr. Morss:

This is to verify your report of reception of KCKN on the morning of January 14th, from approximately 2:01 to 2:10 AM.

Your report was correct for the time you heard us but we were on form 2:00 to 2:30 AM. Evidently we faded out after about 2:10 AM.

I was quite surprised to hear from someone who used to listen to me from WCBI in Columbus Mississippi. I used to get a big kick out of doing those DX programs for the National Radio Club.

I left WCBI in 1943 to go to the army, and after getting out I came to KCKN in 1944 and have been here since. Due to the fact I am from Kansas this is a more desirable location for me.

Thanks for your report.

Sincerely yours,

Maxell Williams
