Dear Mr. Morss :

This will confirm your report of reception of Station K.C.L.O. between 2:06 and 2:30 A.M. on Oct. 26th. Reception would naturally be poor in your section due to the broadcast of WING.

We are planning a special broadcast for equipment tests and DXrs on the morning of November 28 between 3 and 5 AM. at which time WING will not be on the air.

Yours very Truly
