Mr. S. R. Moss
Rt. 3
Bradford, Mass.

Dear Mr. Moss;

This is to verify your reception of Radio station W A B D Ft. Campbell, Kentucky on the morning of May 22nd, 1965. We were at the time conducting a frequency check with Commercial Monitoring in Missouri. Not being the engineer, I am unable to say officially that your log will correspond with ours, but I may say I think it is us that you heard.

Thank you for your interest, and time.

Yours Truly

Bill Jenkins
